

AHA NEWS & VIEWS

The year 2025 is rendered in large, bold, stylized numerals. Each digit has a distinct color: the first '2' is red, the first '0' is green, the second '2' is light blue, and the '5' is yellow. All digits are set against a dark blue drop shadow.

Welcome to the first edition of the 2025 Newsletter! As we kick off 2025, we're excited to bring you an array of updates and insights from our dedicated Tenant Participation Team. Our aim is to foster a vibrant community spirit and ensure that every voice is heard and valued. This year, we will continue to design and deliver opportunities to enhance communication, involvement, and collaboration among tenants. There's a wealth of opportunities for you to engage, share your ideas, and make a difference. Stay tuned for stories, upcoming events, and ways to get involved.

The Tenant Participation Team aim to respond to the needs of tenants beyond housing issues. By offering a variety of workshops, events, and activities, we hope to create opportunities for tenants to connect, share their concerns, and engage in meaningful dialogue about what matters to them in both their homes and wider community.

Last year, we delivered initiatives such as cooking groups and gardening sessions to not only promote skills development but to provide opportunities to socialise and build community spirit. In addition to visiting hubs for tenant drop in sessions in Dundee and Angus we delivered family fun days and hosted community drop ins to foster community spirit across all age groups.

Based on feedback from tenants and the popularity of some of our initiatives, we will continue in 2025 to adapt and deliver initiatives based on feedback from our tenants. Please read on for more information about what to expect in the next few weeks...

Community Benefit Workshops

What is Community Benefit?

Community Benefits is a way to require the contractors and developers that we work with to provide something in addition to the contract that will benefit communities. It is part of our procurement arrangements and linked to how we provide value for money.

For example, during a recent kitchen upgrade, the contractor provided skips for tenants to dispose of unwanted items.

Another example of Community Benefit is the apprenticeship offered to a young person through our gas contract with WRB gas.

We would like for you to **Get involved** in how Angus Housing Association manages Community Benefits.

Angus Housing Association are hosting **2 workshops**:

Wednesday 5th Feb
9.30 - 12.30
Russell Square

Wednesday 19th Feb
1.30 - 4.30
Russell Square

What to expect:

We want to look at what Community means to you as tenants, how we look to maximise our community benefit to tenants and the communities in which they live, ideas for how we could ask contractors to fulfil their obligations and how we report on what has been achieved. As we are aiming to deliver these benefits to our tenants and the local communities we work in, we need tenants views. Staff and some of our Board members will come along too to be part of the discussion. By the end of the workshops, we aim to have a plan for how we will manage community benefits in the future, and it would be great to hear your thoughts. This is a relatively new and exciting part of our work, and we are keen to get it right.

We will cover any travel costs including mileage, train or bus fares. If coming along requires childcare, then we can cover the cost of this too. Please call Gail Robertson for more details.

Nominate Your Neighbour

Thank you for our last nominations! It's nice to hear positive stories about the communities we live in.

This edition of AHA News and Views would like to give a shout out to Peter for his community spirit and kindness.

Peter always asks his neighbours how they are and extends his kindness to his neighbours feline friends as well; Peter often looks after his neighbour's cats when they wander into his home. Thank you!

If you have a neighbour who deserves a little shout out, get in touch to tell us who and why. "Nominate Your Neighbour" is a fantastic way to celebrate and acknowledge the unsung heroes in our communities.

HOW TO GET IN TOUCH?

We want to keep you informed, engaged and connected. If you have an idea for a good AHA news story or tips for your neighbours or would like to suggest an improvement, simply contact the TP Team.

We'd love our tenants to get involved in AHA News & Views, if you are interested in contributing to the E-Newsletter; email the TP team or phone the office to speak to a team member.
